Veganuary Accomplishments

Received 8/07/16

- 23,000 participants taking the Veganuary pledge
- The vast majority (81%) of those non-vegans who made changes during Veganuary say they plan to continue those changes (as identified by the FFQ taken during the first week of February) **See Faunalytics report sent via WeTransfer**
- Faunalytics analysis estimated 24,000 animal lives were spared during Veganuary **See Faunalytics report sent via WeTransfer**
- Based on the ACE analysis of Faunalytics data, the result is an estimate of more than 3.8 million lives spared over participants' lifetimes **See Faunalytics report sent via WeTransfer**
- Increased lives saved per £ spent: £1 = 76 animals spared / $1 = 53 animals spared (Financial accounts can be supplied if required)
- Partnered with two chain restaurants during Veganuary 2016. Each offered between 40-50% discount on vegan meals and one increased the vegan options on the menu. Since January, we’ve partnered with a further four chain restaurants, filming in their restaurants and helping to develop menu changes
- Sponsorship with international companies Nakd and Provamel and two UK companies: Indigo Herbs and Ten Acre
- Supported the launch and promotion of Student Vegetarian Societies with founder Craig Brierly [https://studentvegsoc.wordpress.com/home/](https://studentvegsoc.wordpress.com/home/)
- Supported and helped organise the Vegan Outreach tour of the UK universities
