

Please consider the top 3–5 programs that your organization invests in (considering both the time and the funding invested). Listing just your top 3 programs is entirely sufficient for us—only list 4 or 5 if you really invest in them all equally and can't select just 3. For each program, it would be helpful for us to know the time invested, the funding invested, the number of years the program has been active, and some of the primary outcomes.

Please note that throughout our responses, 2018 will refer to our 2018-19 financial year (1 April 2018 – 31 March 2019), the most current year for which complete and audited accounts are available. Because of the timing of our financial year(s), questions about the first six months of 2019 will refer to Quarter 1 2019/20 (i.e. April - June 2019). All numbers are GBP.
